

FUGITIVE

Is your dog on the run?

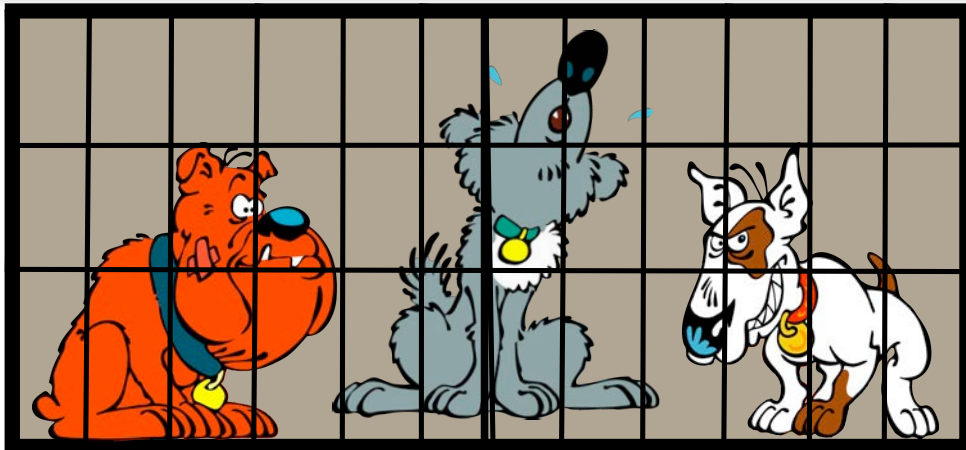

.....make sure you keep them on the right side of the law:

- 🍪 buy a dog license at your local post office
- 🍪 keep them on a lead when in a public place-you are legally responsible for their actions!
- 🍪 clean up pooh - it is littering and hazardous for children not to! (see 'hall of beasties')
- 🍪 don't allow your dog to bark incessantly - this is considered a public nuisance
- 🍪 make sure you use a muzzle in public places if your dog is a listed breed

Listed breeds include:

- American Pit Bull Terrier
- English Bull Terrier
- Staffordshire Bull Terrier
- Ban Dog
- Bull Mastiff

- Doberman Pinscher
- German Shepherd
- Rhodesian Ridgeback
- Rottweiler
- Japanese Akita
- Japanese Tosa

It is also an important part of good pet ownership to:

- 🍪 identify your dog by microchip and identity tag
- 🍪 worm them every 3 months to combat the danger of roundworms for kids
- 🍪 vaccinate annually to reduce the risk both to your dog and other dogs
- 🍪 protect against flea transmission by applying a monthly 'spot on'
- 🍪 consider obedience classes
- 🍪 consider pet insurance which also covers 3rd party injury caused by your dog

Here are some of the products we stock which will help

dog prescription wormers

'Milbemax'- the modern highly effective prescription wormer tablets for dogs (...and tasty too!)

Flea, tick, mite and wormer product

Highly effective prescription 'spot-on' for dogs.

'Prac-tic' : prevents fleas and ticks

'Advocate' : prevents fleas, mites and roundworms

For information on pet insurance see the 'costs & pet insurance' section on the min menu
